**General Chairs:**

**Prof. Agostino Bruzzone**

*Simulation Team M&S Net, MISS-DIPTEM University of Genoa, ITALY*

**Prof. Yuri Merkuryev**

*Riga TU, Latvia*

**Program Chair:**

**Prof. Francesco Longo**

*M&S Net MSC-LES, ITALY*

### IMAACA

Int. Conference on Integrated  
Modeling & Analysis in  
Applied Control & Automation

European Modeling &  
Simulation Symposium

McLeod Institute of Simulation  
Science Workshop

The International  
Conference on Modeling  
& Applied Simulation

New Simulation Project  
Workshop

Int. Defense & Homeland  
Security Simulation Workshop

M&S Network  
Workshop

The International  
Conference on Harbour,  
Maritime & Multimodal  
Logistics Modelling &  
Simulation

The International Workshop on  
Innovative Simulation for Health Care

### I3M 2012: New Edition

Next year the 9<sup>th</sup> edition of I3M will be held in the wonderful city of Wien renovating the opportunity to have an International Multiconference covering many different topics related to Modeling & Simulation in a sharp way and providing an ideal opportunity to meet together

### European Modelling & Simulation Symposium - EMSS

The EMSS represents the 24<sup>th</sup> edition of the classic autumn M&S event in Europe; the Symposium is a really International meeting involving world experts in the area of M&S with special attention to methodologies, techniques and applications.

### M&S Net New Simulation Project Workshop - NSP

This event is the ideal framework for setting up European Community, EDA and International Projects and it is an opportunity for hosting project review and exploitation meetings; NSP welcome submissions for panel sessions on new simulation project proposals.

### The International Conference on Modeling & Applied Simulation- MAS

The MAS Workshop concentrates on applied M&S and IT Solutions; application fields include production, business and services; since 2002 MAS involves Experts and Users discussing about M&S as enabling technology for business and industry in real world.

### The International Conference on Harbour, Maritime & Multimodal Logistics M&S - HMS

HMS Workshop is a traditional event and it was held successfully worldwide, usually in the surroundings of major international ports. It is focused on applications of simulation and computer technologies to logistics, supply chain management, multimodal transportation, maritime environment and industrial logistics.

### IMAACA Conference

IMAACA focuses on all applications relevant to control & automation problems emphasizing the role of model analysis as integral part of the complete design of the automated system.

### M&S Net Workshop

The MS&Net workshop aims to create an evolving framework for sharing experience and knowledge in which participants have the possibility of effective cooperation. In the past joint international projects was presented in the workshop such as Smackdown involving NASA, Liophant, Aegis, Mak, Pitch, SISO etc.

### The International Defense & Homeland Security Simulation Workshop

DHSS focuses on M&S advances within Defense and Homeland Security framework; DHSS is part of I3M and involves industrial, governmental and academic top experts in this areas

### The International Workshop on Innovative Simulation for Health Care

I WISH is directed to scientists, technicians, users and decision makers that are interested in the fast evolving and innovative sector of applying modern M&S within Health Care. The workshop is evolution of very successful tracks and workshops organized in previous conferences and it is becoming in 2012 a self independent international workshop

**I3M Exhibitors & Media Partners**

I3M exhibition provides an unique opportunity to Simulation Companies & Vendors to present their innovative solutions to a wide audience; last I3M2011 in Rome involved about 500 attendees and industrial sponsors such as Presagis, CAE, Cal-Tek, Mast, Aegis. In addition it is possible to become media sponsor of I3M; for additional info on these issues contact: **Exhibition Chair** [enrico.bocca@simulationteam.com](mailto:enrico.bocca@simulationteam.com)

**McLeod Institute of Simulation Science Workshop**

McLeod Institute of Simulation Science (MISS) is a Excellence Network involving worldwide 28 centers; in cooperation with the Society for Modeling & Simulation International, this workshop is a Meeting open to affiliated Centers and to external applicants

**Tutorial & Professional Courses**

These M&S Professional Courses will be held in connection with I3M Multi-Conference; program, registration modules and tentative schedule are available on the web, please book them early. The M&S Professional Courses are organized in cooperation with MISS-DIPTM University of Genoa, Simulation Team and with Patronage Liophant Simulation and include foreground assessment for McLeod Institute of Simulation Science Professional Certification Program.

**Paper Submission**

Extended abstracts, full draft papers or other proposals should be submitted for the review process through the conference website.

Each extended abstract must include the title, authors, affiliations, addresses, main body and references for proper positioning in the conference. Each paper will be reviewed by at least two members of the International Program Committee taking into consideration scientific quality, originality and relevance. Only original papers, written in English will be accepted.

Your camera ready paper must be submitted through the conference website. Authors of accepted papers are expected to attend the conference, present their works, transfer copyright and pay conference registration fees at the time their camera ready papers are submitted. Conference best papers will be directed to International Journals for inclusion through content extension.

**Deadlines**

- Paper submission** April 12, 2012
- Notification of Acceptance** May 12, 2012
- Final Camera-Ready Submission** June 12, 2012
