CALL FOR WORK-IN-PROGRESS PAPERS

=====

2011 SUMMER SIMULATION MULTICONFERENCE (SUMMERSIM 2011)

June 27 – 30, 2011, World Forum, The Hague, Netherlands

<http://www.scs.org/summersim/2011>

The purpose of this conference is to provide a forum to discuss recent advances in various aspects and applications of M&S that are addressed by focus areas of each of the conference within this multi-conference.

The multiconference bridges various areas of modeling and simulation ranging from theory, methodology, and applications to verification and analysis, and the challenges involved in the process into a single exciting venue for the interchange of ideas and scientific discussion and education

Please submit the advanced but not fully developed results of your research for review by the technical program members of each conference using the following URL of each conference.

SCSC: <http://www.softconf.com/scs/SCSC11/>

SPECTS: <http://www.softconf.com/scs/SPECTS11/>

GCMS: <http://www.softconf.com/scs/GCMS11/>

The length of the Work-in-Progress papers is up to 6 pages in final conference format. All the papers of this conference will be included in the conference proceedings and the presented papers will be archived in the ACM Digital Library for the SCSC and GCMS papers or in IEEE Xplore for the SPECTS papers.
