ABOUT THE EVENT

Next edition of I3M will renovate the opportunity to have an International Multiconference covering many different topics related to Modeling & Simulation in a sharp way and providing an ideal opportunity to meet

The International Conference of European Modelling & Simulation Symposium – EMSS

The EMSS represents the 34th edition of the classic autumn M&S event in Europe; the Symposium is a really International meeting involving world experts in the area of M&S with special attention to methodologies, techniques and applications.

The 24th International Conference on Harbour, Maritime & Multimodal Logistics M&S – HMS

HMS Workshop is a traditional event and it was held successfully worldwide, usually in the surroundings of major international ports. It is focused on applications of simulation and computer technologies to logistics, supply chain management, multimodal transportation, maritime environment and industrial logistics.

The 21st International Conference on Modeling & Applied Simulation – MAS

The MAS Workshop concentrates on applied M&S and IT Solutions; application fields include production, business and services; since 2002 MAS involves Experts and Users discussing about M&S as enabling technology for business and industry in real world.

The 12th International Defense & Homeland Security Simulation Workshop – DHSS

DHSS focuses on M&S advances within Defense and Homeland Security framework; DHSS Includes tracks on Cyber Defense, CBRN, Strategic Decision Making, SBA; DHSS is part of I3M and involves industrial, governmental and academic top experts in this areas.

The 11th International Workshop on Innovative Simulation for Health Care – IWISH

IWISH is directed to scientists, technicians, users and

The 10th International Workshop on Simulation for Energy, Sustainable Development & Environment – SESDE

SESDE is focusing on using M&S in applications related to Energy, Sustainability and Environmental Issues. Scientists and Subject Matter Experts in these sectors are invited to present innovative papers.

The 15th International Conference on Integrated Modeling & Analysis in Automation & Control – IMAACA

IMAACA focuses on all applications relevant to control & automation problems emphasizing the role of model analysis as integral part of the complete design of the automated system.

The 8th International Food & Operations Simulation Workshop – FoodOPS

The international Food Operations&Processing Simulation Workshop focuses on M&S applied to Food Industry

M&S Net New Simulation Project Workshop – NSP

This event is the ideal framework for setting up European Community, EDA and International Projects and it is an opportunity for hosting project review and exploitation meetings; NSP welcome submissions for panel sessions on new simulation project proposals.

M&S Net Workshop

The MS&Net workshop aims to create an evolving framework for sharing experience and knowledge in

Author's instructions

PAPER SUBMISSION

Guidelines for the preparation of manuscripts and instructions for submission are provided on the conference website: <http://www.msc-les.org/i3m2022/call-for-papers/>

All manuscripts must be submitted electronically through the Conference Manuscript Management System.

All papers will be accepted with the understanding that they will be presented at the conference. At

A look around

VENUE

I3M 2022 will be held in Rome, the most populous and largest municipality in Italy, ranks among the major European capitals for the size of the territory. It is the city with the highest concentration of historical and architectural heritage in the world; its historic center delimited by the perimeter of the Aurelian walls, overlapping of testimonies of almost three millennia, is an expression of the historical, artistic and cultural heritage of the Western European world and, in 1980, together with the extraterritorial properties of the Holy See in the city and the basilica of San Paolo fuori le mura, has been included in the UNESCO World Heritage List.

Symbols of this magnificent city, in addition to the municipal coat of arms, are the Capitoline she-wolf, a bronze statue depicting the legendary she-wolf who nursed the two twins Romulus and Remus; the Colosseum, the largest amphitheater in the Roman

Ethical publishing

COPYRIGHT CONDITIONS

All publication material submitted for presentation at I3M must be original and hence cannot be already published, nor can it be under review elsewhere. The authors take responsibility for the material that has been submitted. The I3M Organization Committee will abide by the highest standard of ethical behavior in the review process whereas the authors will abide by the ISM publication ethics guidelines as explained on the webpage (<http://www.msc-les.org/i3m2022/call-for-papers/>).

The author(s) must grant exclusive publishing rights to the I3M Organizers and publishing partners under a Creative Commons (CC-BY-NC-ND) license when they submit the final version of the paper. The copyright belongs to the authors, who have the right
